

IIIrd EUROPEAN CHAMPIONSHIPS
IN SPORTING SEA ANGLING FROM DRIFTING BOATS WITH ARTIFICIAL LURES
Darłowo, Poland, 09-16 June 2018

Darłowo has 15000 inhabitants, it is located by the Baltic Sea in Western Pomeranian Voyevodeship. It is considered as one of the fastest developing touristic places.

Thanks to the variety of attractions Darłowo provides perfect conditions to leisure. Sandy beaches attract tourists. Nowadays Darłowo and its surroundings are the promised land for anglers. Every day many boats leave the harbour to fish cod: the king of the Baltic Sea. Fishing cruises are great adventure for competitors and for amateurs.

GENERAL FISHING RULES

During competition competitors must follow FIPS-M international rules of sport sea angling – Classification based on the size of the fish (1 point per cm + 10 points per fish). Three national teams of 5 anglers are allowed to take part at the Championships. Competition is set on the Baltic Sea. Average depth varies from 20 to 40m, bottom is mainly sandy, rarely covered with rocks.

Main species of fish caught in the Baltic Sea is cod (national record – 28,9kg). Other species are: garfish (*Belone belone*), salmon (*Salmo salar*), sea trout (*Salmo trutta*), merlangius (*Merlangus merlangus*), coalfish (*Pollachius virens*), european flounder (*Platichthys flesus*) and turbot (*Scophthalmus maximus*).

Artificial lures: pilkers, jumpers as rippers, twisters and artificial flies.

Foul hooking is forbidden.

Competition boats are about 18m long, with 14-16 competitors on board.

Duration of one turn: 8h. Signals for start and finish are given by the skipper. After half of the turn, angling places are changed (see annexe1). Time to change and to take lunch: 30 minutes.

During competition competitors are forbidden to use any doping substances, alcohol and other products mentioned on a list of the World Anti-Doping Agency.

Required equipment – according to FIPS-M regulations.

Recommendations

Bearing in mind knowledge of the fishing venue by organiser recommended gear is:

- Fishing rod (2,4-3,6m long; casting weigh 80 - 250g),
- Reel: any (without electrical supply),
- Fishing line: any (regular or braided), at least 6kg resistance,
- Artificial lures: any, armed as in annexe 2,
- Tool for taking the hook out of the fish,
- Tool for killing fish,
- knife,
- bucket or other container (on board)
- landing net

A competitor is allowed to have a reserve rod with reel, but it cannot be armed. During casting competitor should be extremely cautious. Lure should always be seen by the competitor.
